Gil and Renée's Inspiring Journey of Love and Commitment
Gil and Renée, originally from Detroit, Michigan, began their relationship with a simple yet impactful moment when Renée rolled her pencil off the desk, and Gil picked it up. This small act sparked what would become a 38-year legacy of love.

At just 21 years old, Gil and Renée committed to a lifelong journey together. Gil, now retired from the Air Force, and Renée, a former salon owner turned entrepreneur and author, have each built impressive careers spanning over 30 years. Throughout their marriage, they have lived in over 13 cities across the United States and Germany.

They are proud parents of their talented daughter, Aharon (pronounced like Sharon, but with an A). In addition, they adopted Renée's younger sisters, Carmen and Monique, after a family tragedy. Today, both sisters have loving families of their own.

Gil and Renée have dedicated their lives to helping other couples strengthen their marriages by establishing new habits of love. Through their own tested relationship principles and a supportive community, they provide invaluable guidance. As facilitators of the Prepare and Enrich Marriage program, they encourage couples to let go of past pain, unforgiveness, resentment, shame, and unmet expectations.

With 37 years of experience in maintaining and growing a healthy relationship, Gil and Renée understand that love is a choice. Their enduring bond is a testament to the principles they teach and model, offering a wealth of wisdom for those seeking to build strong, lasting relationships. The answers to their successful marriage might be hidden in plain sight, but their story is certainly worth exploring.

From Gil & Renée

Time To Dream

Their app and books emerged from extensive work with couples and singles. They noticed recurring themes and challenges that many people faced, further highlighted by the pandemic. The app includes personalized assessments, daily devotionals, and a community space for sharing experiences and seeking advice. The Singles Blueprint to Dating & Marriage offers practical guidance on preparing for healthy relationships. The Marital Code to Oneness Workbook helps couples build strong marriages through practical exercises and biblical principles. Long-Term Vision

Their vision is to create a global community of singles and couples committed to building strong, God-honoring relationships. They plan to expand their resources and continue to innovate, offering practical tools and support. They envision their app becoming a go-to resource for relationship guidance and plan to publish more books on relationships and personal growth, always rooted in biblical principles.
